LOCAL DIRECTOR OF COMPANY ONE OF NEW LESSEES

Dr. L. P. Pasternacki And Menasha Man Offer Higher Rental Figure

The Jacobs Hotel, owned by the Stevens Point Hotel company, goes under new management on Thursday, December 1. A new lease has been drawn up and put in force whereby Sam B. Williams, who has been resident manager of the Jacobs for the past month, and Dr. L. P. Pasternacki, a member of the hotel directorate, become the new lessees.

During the past six months the Jacobs Hotel has been under the management of George H. Gazley of Menasha. During that time Mr. Gazley was not here in person but had general supervision over the business. William Sutter was in charge for five months, leaving four weeks ago for the west, and since then Mr. Williams has been in charge. The board of directors of the company has terminated its contract with Mr. Gazley.

To Maintain Old Standard

Mr. Williams, in taking over the hotel management with Dr. Pasternacki, has severed his local business relations with Mr. Gazley. Dr. Pasternacki is to continue his dental practice here, his duties at the hotel being arranged so as not to interfere with this work. It is the plan of the two managers to give personal supervision to the management of the hotel at all times in order to give the best service possible to the public and to retain the high standard maintained by members of the Jacobs family, former owners of the institution.

More Rental Money

Under the terms of the new contract, Messrs. Williams and Pasternacki have agreed to pay to the hotel company the sum of $400 per month during the months of December, January and February, and thereafter the sum of $500 per month until such time as the new hotel building is completed and ready for occupancy and patronage. Under Mr. Gazley's contract $325 per month was paid to the hotel company. The change will therefore work to the financial benefit of the company stockholders, and the higher rental was given as a reason for deciding upon a new management.

Experienced Hotel Man

Mr. Williams is a hotel man of 12 years' experience, seven of which were spent in the Hotel Menasha at Menasha, of which he is still a director.

The new managers announced today that they plan to restore the Sunday dinner service which was so popular prior to the time the hotel was purchased by the Stevens Point Hotel company.

$2,900 IS VOTED TO COUNTY AGENT

Resolution Appropriating Same Sum as in 1920 is Unanimously Passed by Board

The board of supervisors of Portage county Tuesday afternoon voted the sum of $2,900 to pay the expense of maintaining the office of the county agent during the coming year.

The original resolution, as it was proposed by Supervisor C. F. Martin, of Almond, asked for $3,700. This resolution asked an increase of $800 over that appropriated in 1920, which was $2,900. The motion to set the appropriation figure at $2,900 was made by Supervisor Don Sawyer of Belmont and the amended resolution was then passed without a dissenting vote.

ANOTHER MURDER OCCURS IN BLOODY NINETEENTH

Chicago, Nov. 29.—The bloody nineteenth ward claimed another victim today. Natale Melico, a cobbler, was shot and killed while working in his shop. The murderers escaped.

UNDERGOES OPERATION

Mrs. Howard Dumbleton, 302 McCulloch street, submitted to an operation for appendicitis at St. Michael's hospital on Monday. Her condition was reported as favorable Tuesday.

WELSBY OFFERS NAME

Mayor Suggests "Hotel Catharine" for the New Hotel

Mayor John N. Welsby would name Stevens Point's new hotel the "Hotel Catharine" after Mrs. Catharine Jacobs, who for many years was a business partner of her husband, N. Jacobs in the management of the Hotel Jacobs.

"Mrs. Jacobs was a remarkable woman in many ways and it was due in no small measure to her efforts that the Hotel Jacobs in the early days enjoyed the reputation of being one of the best conducted hostelries in the state," said Mayor Welsby. "I think honor should be paid where honor is due and I therefore suggest that the new hotel be called 'Hotel Catharine' after Mrs. Jacobs."

MORRILL SPENDS COLD NIGHT IN WOODS

Former Local Normal Student Has Ears Frozen in Rabbit Hunt Near Merrill

George Morrill, former student at the Stevens Point State Normal but now a member of the faculty of the Merrill High school, spent a cold night in the woods near Merrill a week ago while out rabbit hunting.

The Merrill Daily Herald thus tells the story of Morrill's adventure:

"George Morrill of the Merrill High school faculty staff and Edwin Gipple experienced an all night sojourn in the woods Saturday night when the temperature neared 10 below zero, with a scanty outfit of clothing and no tent or other shelter. The two had gone rabbit hunting Saturday morning, expecting to return on the southbound train in the evening. The hunt took them over considerable territory and in an effort to hasten back to Otis, they left their lunch behind them and also missed their train.

"They then built a fire and kept feeding it with tamarack windfalls all night. More than twenty times each found it necessary to feed the fire as the tamarack burned rapidly. Gipple wore a pair of canvas gloves, and these he laid by the fire to dry after one of the hikes for wood. The fire reached close to them and burned the entire back of one and scorched the fingers. Gipple wore a felt vest, sweater and coat and suffered the least as Morrill was dressed much lighter and did not have any protection for his ears. As a result, these appendages were severely frozen.

"Sunday morning after a tiresome night's experience, they walked on to a Russian settler's shack and asked for breakfast. Gipple had two rabbits which he traded in for a scanty ration of breakfast. Morrill was again less fortunate and had to turn the cream separator for his breakfast. Returning here Sunday, the two spoke reluctantly of their experiences but admitted that without matches they would have had even a much more handicapped and difficult experience."

FALL IN NEW HOUSE RESULTS IN INJURIES

Jack Peickert's Nose Torn and Ankle Broken on Saturday Afternoon

Jack, 12-year-old son of Mr. and Mrs. J. N. Peickert, 1103 Main street, is in his bed at the home of his parents with a broken ankle, badly bruised nose and other bruises and scratches, the result fo a fall in a house under construction.

He was playing in company with David Oberweiser and Richard Moran in the house now building on Normal avenue, at the rear of the J. W. Dunegan home at 625 Main street, when he fell from the second floor through to the basement, Saturday afternoon.

His two playmates did not know he had fallen until they heard his screams as he fell into the pit. When they rushed to his side in the basement they found him spattered with blood, his nose bruised and scratches bleeding freely.

He was taken into the Dunegan home, where Mrs. Dunegan administered such aid as she could, and a physician summoned. His injuries were attended to by the physician and he was removed to his home.

The boy's ankle is badly shattered, while the injury to his nose is also painful, it being torn and bruised. It is not known whether the nose is broken.

FARM ACCIDENT CAUSES DEATH OF CARSON MAN

Frank Doughty Struck in Head by Saw, Dies in Rapids Hospital

Frank Jerry Doughty of the town of Carson, Portage county, died Sunday evening at Riverview hospital in Wisconsin Rapids following an operation for concussion of the brain, caused by an accident which occurred on Wednesday of last week.

When engaged in sawing wood at a neighbor's home in the town of Carson the saw of the machine Mr. Doughty was operating flew up and struck him in the head. He was taken to Wisconsin Rapids Thursday, where on Sunday an operation was decided upon as the only means that might save his life, but which proved unsuccessful.

The deceased was born at Sherwood, Clark county, April 2, 1889, and was therefore in the 32nd year of his age. He leaves a widow and several children, his father and mother, Mr. and Mrs. Jerry Doughty of Wisconsin Rapids, a brother, Ernest, also at the Rapids, and another brother, Henry, of West Allis.

Funeral services will be conducted this afternoon at 2 o'clock at the residence of his parents in Wisconsin Rapids. Interment will follow in Forest Hill cemetery.

HENRY K. WEST DEAD AFTER SHORT ILLNESS

Railroad Rate Clerk for Many Years, Later Joerns Employee, Passes Away

Henry K. West, for thirty-five years employed as rate clerk at the Wisconsin Central and Soo freight depot in this city, and for the past five years in charge of the packing department at the Joerns furniture factory, died at 11:15 o'clock Monday night at his home, 417 Dixon street. His illness was of very short duration, starting last Saturday evening with severe pains and continuing almost incessantly until he passed away. A consultation of physicians was held on Monday and they decided that he suffered with peritonitis. Prior to a few days ago, he had enjoyed excellent health and therefore the news of his death was a great shock to all who knew him.

Mr. West's birthplace was East Machias, Maine, and the date February 5, 1858, making him nearly 64 years of age. He came to Stevens Point 41 years ago and shortly afterwards accepted employment with the Wisconsin Central as baggageman. His promotion to rate clerk came in a short time and he proved almost invaluable in this position.

On February 10, 1883, Mr. West was married to Mary J. Sutton of this city, and they had one son, Harry, who died during the influenza epidemic three years ago. Two grandchildren are living. The deceased also leaves a brother, Wm. E. West of this city, and one sister, Mrs. Emma Rollins of Marietta, Oklahoma. Another sister died in New York last spring.

Unless other arrangements are made, funeral services will be held at 2:30 o'clock Thursday afternoon, with burial in Forest cemetery.

WAR HERO MISSING

Commander of Lost Battalion May be Suicide

New York, Nov. 29.—"I shall not return." These words from a leter written by Colonel Charles W. Whittlesey, famous commander of the "lost battalion," to Robert S. Little, his law partner, lead friends to believe today the hero committed suicide.

Whittlesey vanished from the liner Polos, while enroute to Havana. It was thought his experience in the war, recalled when he acted as a pall bearer for the unknown soldier buried in Arlington on Armistice day, unnerved him.

THEATER FIRE CLAIMS SEVEN

New Haven, Conn., Nov. 29—The death toll in the disastrous Rialto theater fire was raised to seveh today, with the death of Victor Cortelier and Everett Case, both of New Haven.

IS IT WORTH THE COST?

HUBBY GETS DRUNK WIFE GIVEN $3,500 SALOON MAN PAYS

Judge Fowler and Jury at Fond du Lac Give Her Heavy Damages

Fondd u Lac, Nov. 29.—Mrs. W. E. Smithers, a young mother, was awarded $3,500 damages, from H. G. Brunkhorst, saloon keeper, by a jury in circuit court, because of the ruination of her husband from drink sold him by Brunkhorst, over a protest of his wife.

Mrs. Smithers sued and Judge Fowler held that she was entitled to both actual and punitive damages. The jury was out five hours.

LOCAL OFFICIALS WATCH SNOW PLOW

Are Pleased with Demonstration of Machine in Operation on Roads

With four city officials and one county officer as their guests, the G. A. Gullikson company on Saturday demonstrated a snow plow, pushed by a Fordson tractor, and capable of cutting a furrow in a snow bank seven feet in width.

During the day 13 miles of city pavement and country roads were swept clean by the plow. Principal streets in the city were gone over and work was also done on the paper mill road and on highway 18 toward Stockton.

The city officers at the demonstration were Mayor J. N. Welsby, City Attorney W. E. Atwell and Aldermen C. A. Schenk and R. K. McDonald. County Highway Commissioner T. E. Cauley was the only county officer present.

The plow is manufactured by a Milwaukee concern and was brought here for the purpose of demonstration to the city and county. The local officials were pleased with the work of the device.

LOAN OFFICE AT OMAHA IS ROBBED OF $7,000

Omaha, Nebraska, Nov. 29—Three bandits today held up the Northwestern Loan office and escaped with $7,000 in diamonds, jewelry and cash. The robbers escaped.

KILLED IN SAWMILL

Fulton, Miss., Nov. 29.—Four men were killed and two others seriously injured today, when a saw mill boiler exploded at Eastman, near here.

WOMAN KILLS DEER

Mrs. F. A. Marrs of this City Gets Buck in Vilas County

Mrs. F. A. Marrs, wife of Dr. Marrs of this city, is believed to be the only Stevens Point woman who went deer hunting this year and who succeeded in bringing home the venison.

Mrs. Marrs accompanied her brother, Fred J. Wilson of this city, on a deer hunting expedition to Vilas county during the open season, and brought down a buck which weighed 152 pounds. Mr. Wilson shot a deer which weighed 195 pounds.

MAINTENANCE UNION INSTALLS OFFICERS

Important Meeting Here at Which General Chairman is Present

Wisconsin River lodge No. 1138, United Brotherhood of Maintenance of Way Employes and Railway Shop Laborers, held its regular meeting Nov. 27 in Bigelow and Mills' hall. The meeting was well attended by members from far and near. Installation of officers was held, the ceremonies being performed by the general chairman, A. C. Olson, who has his office in Minneapolis, and arrived here Sunday morning to attend the meeting. Mr. Olson ably addressed the meeting, giving an interesting talk on the subject of organization and the problems and situation of the railroad men.

At four p. m. the meeting was temporarily adjourned while all present partook of a luncheon at the Antler cafe. Then the delegates returning to the hall the meeting was again reopened for further business, after which cigars were given by the lodge. At six o'clock the meeting was adjourned.

Bright prospects for the organization are predicted by all the officers and members.

HAS BRUISED HIP

J. H. Kanieski, Mason street, is confined to his bed at his home, having been injured, he informs the Journal, while at work on state highway No. 18, when he was thrown against a grader. His hip was bruised and inflammation set in. Mr. Kanieski tells the Journal he believes he will not be fully recovered for several weeks.

ANOTHER WOLF SHOT

The pelt of a wolf shot by Robert Larson of Eau Pleine while he was hunting in that town was brought in to the office of County Clerk A. E. Bourn this morning by Mr. Larson, who received the county bounty.

THIRTY YEAR TERM IS GIVEN YEGGMAN BY JUDGE WICKHAM

Long Punishment at Hard Labor in the State Penitentiary at Waupun

Eau Claire, Wis., Nov. 29—Thirty years at hard labor was the terrific jolt handed Gus Saunders, Chicago yeggman, today, by Judge James Wickham here, when he pleaded guilty to a charge of robbing the Augusta State bank at Augusta, on the night of February 12.

Saunders and P. G. Brumley were arrested in Chicago last week. Brumley jumped bail here last July, while waiting trial and assisted Saunders in escaping jail. Saunders was the third man to go to prison for the Augusta bank robbery where loot estimated at $12,000 was taken.

ALL-IRISH PARLIAMENT WILL SATISFY ULSTER

Premier Craig Says Province Simply Will Not Have It

Belfast, Ireland, Nov. 29—Owing to Sinn Fein outrages the Ulster cabinet has authorized the enrollment of 5,700 constables who are determined to protect life and property, Premier Craig told the Ulster parliament today.

Ulster, Craig declared, will not be to blame if the negotiations for peace in Ireland are broken off. He announced Lloyd George had proposed an all Ireland parliament. "I told Lloyd George it was utterly impossible. Ulster will not have it, we will not submit to Sinn Fein government," Craig declared.

CUT IN RAIL RATES PREDICTED IN SPRING GUARANTEE EXPIRES

Washington, Nov. 29.—Railroad dividends may be cut after March 1 next, the interstate commerce commission indicated today. Such action, officials said, would make a sweeping reduction of railroad rates certain. Until that time the commission is bound by the Esch-Cummins law to keep the rates at such a level that the return to the railroads will be from 5½ to 6 per cent. This congressional barrier has prevented extensive rate reduction.

FURNITURE MEN OF NORTHWEST TO MEET HERE

Stevens Point Awarded Convention of Case Goods Association

Stevens Point has been awarded the next semi-annual convention of the Northwestern Case Goods association, an organization of Wisconsin and Minnesota bedroom and dining room manufacturers.

The convention will be held here on Monday, December 19 and will bring leading furniture men from the northwest to Stevens Point. This city was chosen for the meeting place upon an invitation extended by C. A. Joerns, treasurer and manager of the Joerns Bros. Furniture company of Stevens Point.

Among the men who will be here for the convention are A. C. Brown of Grand Rapids, Mich., secretary of the National Alliance of Case Goods Manufacturers. W. H. Coye, also of Detroit and a former Stevens Pointer, will also come here. Mr. Coye is a cost and efficiency expert and affiliated with all of the national furniture organizations of the country.

The president of the Northwestern Case Goods association is Frank Upham of Marshfield and its secretary is Harold Elwell of Minneapolis. Both of these men are also expected. It is probably that 20 or more members will be in attendance in all.

Wisconsin cities which will probably be represented at the convention are Sheboygan, Plymouth, Fond du Lac, Eau Claire, Marshfield, Fort Atkinson and La Crosse, while Minnesota firms will have men from Minneapolis and St. Paul, Red Wing and Faribault.

This will be the first time in Stevens Point's history that a convention of this kind has been awarded this city. Conventions of the Northwestern association are usually held in Minneapolis.

TWO CITIES LINKED PLEDGE COOPERATION

Stevens Point Gives Marshfield a Boost at Big Chamber of Commerce Meeting

Cooperation between Marshfield and Stevens Point was pledged over the banquet tables in the Wood county city on Monday evening. The occasion was a reorganization meeting of the Marshfield Chamber of Commerce and more than 100 men were in attendance.

Stevens Point was represented by Secretary F. Leslie Body of the local Chamber, and two members of the board of directors, J. J. Normington and M. E. Bruce. W. S. Booker, formerly assistant secretary of the Chamber here, now secretary at Marshfield, was in charge of the meeting and evening's program.

Mr. Body, in an address, told the Marshfield men that Stevens Point had sent two of its Chamber directors to their city as an expression of cooperation, that Stevens Point had given Marshfield its secretary and that if there is anything more the city can do, Marshfield should let him know.

He declared that the progress made here was not due alone to the industrial advantages, such as having the cheapest water power in the state, but to the spirit of cooperation which has proved the secret of the city's success. He urged the Marshfield Chamber members to enter into that spirit if they are to progress in a like manner.

Among other guests at the banquet was G. A. Somers, secretary of the Chamber at Sheboygan.

Harding Consecrated to Service

In his Thanksgiving proclamation President Harding once more stresses what is the keynote of his administration and the central thought of his political career—Service. "We shall be prospered as we shall deserve prosperity," he declares, "seeking not alone for the material things, but for those of the spirit as well; earnestly trying to help others; asking, before all else, the privilege of service." And, again, "opportunity for very great service awaits us if we shall prove equal to it."

Warren G. Harding entered the political campaign a year ago with that thought ever before him. Service is to him what the blazing cross in the heavens was to Constantine: "In hoc signo vincis." In his acceptance speech he said: "With an unalterable faith and in a hopeful spirit, with a hymn of Service in my heart, I pledge fidelity to our country and to God."

In his Labor Day speech of 1920 he declared: "Work is the supreme engagement, the sublime luxury of life. I wish I could plant the gospel of loyalty to work and interest in accomplishment." And by "work" he meant Service.

In a front porch speech of September 23, 1920, he said: "Service, a willingness to serve intelligently, to train for human Service, to cleave to an idealism of deeds and honest toil and scientific accomplishment, rather than to serve by mere words."

In his address on "Social Justice," some time after, he said: "I believe and have repeatedly said that citizenship is based upon obligation"—the obligation to serve one's fellowmen."

In his Cleveland speech of October 28 he said: "I want to bring about the greatest Service that America can give to the world—the Service of an example of a great representative democracy undivided—that is my ambition. That is my opportunity for Service to America as I conceive it."

In his farewell address to the Senate, following his election, he said; "One cannot promise agreement in all things with an opposite party which is sometimes insistently wrong, but we may find common ground in the spirit of Service * * * There is so much to be done, and we have already had so much delay, that I should like unanimous recognition that there are no party ends to serve, but precious days are calling for Service to our common country."

Repeatedly in his inaugural address he stresses the importance of Service. "I can vision the ideal republic * * * Where we may call to universal Service every plant, agency, or facility, all in the sublime sacrifice for country. * * * Out of such universal Service will come a new unity of spirit and purpose, a new confidence and consecration which would make our defense impregnable, our triumph assured. * * * Service is the supreme commitment of life. I would rejoice to acclaim the era of the golden rule and crown it with the autocracy of Service."

In his first address to Congress, and in his address at the unveiling of Bolivar, while the word is not used the thought of Service is kept uppermost, and when the soldier dead were laid row on row on the Hoboken pier, he said: "These had served, which is the supreme inspiration in living. 'Service is the greatest thing in life,' he told the Annapolis graduates last June, and to the graduates of the American University, in Washington, he said: 'I wish I could impress the young men and women of every graduating class this year with my own acute conviction regarding the obligation of service * * * the diploma is not a certificate of right to special favor and profit in the world, but rather a commission of service."

Railway Wages and Community Prosperity

Good prices to farmers, and good wages and regular employment to labor, we have always fed to be the backbone of prosperity. When the farmers, who constitute almost half of the country's population, can't sell their crops profitably, their reduced purchasing power means a reduction in business in the cities. I am informed by the department of agriculture that the value of the crop of 1920 fell off several billions compared with the crop of 1919, meaning that much less money for the farmers to spend. This year, in our section, the farmers have had another failure. The potato crop is very small and the price is only fair. So the farmer isn't spending much money here this year. It will be another 10 months before he can come back into the market in this locality with his normal purchasing power.

Having had the purchasing power in this community cut in one way, we don't want it cut in another. That's what reduced wages would mean. Doubtless there is a falling tendency in wages due to working of the law of supply and demand, and nothing that anyone can do can prevent it coming about gradually. Yet we can't feel that it is anything to be enthusiastic about. We have a railway payroll, for example, of a million a year in Stevens Point. Consider another reduction of 10 per cent. That means $100,000. Who's getting that hundred thousand now, and who's going to lose it if wages on the railroad go down again? No doubt some of it goes out of the city. But rent, groceries, meat, medical and dental attention, church and lodge dues and contributions to local charities are made and paid here. The bulk of the men's, women's and children's clothing and shoes is also bought here. If a railway man pays an income tax, 70 per cent of it goes into the city treasury. Even those who do not share directly in the expenditure of this hundred thousand do have a part in it indirectly for the men with whom it is spent may spend it with them.

Just looking at it as a matter of community business judgment, we can't regard another reduction in railway wages as anything but an injury to Stevens Point, and while it may come about eventually, we hope that it may be long deferred, and if possible, averted altogether.

And the same rule applies to other classes of employment. The men working on the new hotel, getting $2 a day for common labor, can't spend as much in building up the town as they could were wages 50 to 100 per cent higher. It's a rule that the greater the diffusion of prosperity, the better for the community in a business way, not to mention the other benefits accruing from it.

MAJOR MOEN RESIGNS AS BATTALION HEAD

Stevens Point Officer Can't Give Time Required to National Guard Duties

Major Russell C. Moen has resigned from the command of the First battalion, 120th Field Artillery, Wisconsin National Guard. His resignation has been accepted by Orlando Holway, the adjutant general, but no announcement of a successor has been made.

Inability to give the time required by the duties of the office is the reason for Major Moen's resignation. He is associated with his uncle, L. P. Moen, in the insurance business; is assisting at the post office nights and is taking a review in the business course at the Stevens Point Business College.

Major Moen, a veteran of foreign service in the World war, with the rank of first lieutenant in active service and captain in the officers' reserve corps, was named major of the First battalion of the 120th on June 1. In accepting his resignation the adjutant general offered him a commission in the National Guard reserve. Major Moen has also been tendered an appointment as physical instructor in the artillery school at Camp Knox, Ky., and in the event of war or in training camp activities would be assigned to immediate duty there. He has not decided whether to accept the National Guard appointment or the appointment of the war department.

There are several candidates in the field as successor to Major Moen as battalion commander, including a number of Steven Point young men. Stevens Point is the battalion headquarters.

GREAT ERA OF PROSPERITY FORECAST BY LOCAL BANKER

Business Has 'Turned the Corner' and Future Looms Bright, Says J. W. Dunegan In Interview With Journal

(From Saturday's Daily.)

Business has passed the crisis and is now on the up-grade and the United States is on the threshold of the greatest era of prosperity on record.

That is the opinion of J. W. Dunegan, vice president of the First National bank of Stevens Point, president of the Chamber of Commerce and one of Stevens Point's closest students of economic conditions. In an interview with a Journal representative Mr. Dunegan outlined his views on business conditions as follows:

"I am very optimistic regarding the general financial situation. I believe business has 'turned the corner' and that the pendulum is now swinging back the other way. The greatest drawbacks to the return of prosperity have been and still are the transportation proposition and government taxes. Business will not be entirely normal until freight rates and government taxes are reduced. Big business already is discounting these, believing that it is inevitable that both soon will be reduced.

Stock Market Barometer

"The stock market is a good barometer of conditions. Leading stocks show big advances in price. Liberty bonds, the world's greatest security, show gains of nine to 14 points. The greatest investment opportunity in 50 years has just passed. Liberty bonds could have been purchased to net over six per cent and now net under five per cent. The following figures show the gains made in Liberty bonds:

"First 3½'s, now $95.36; record low, $86; gain, $9.36 on $100.

Second 4¼'s, now $94.76; record low $81.10; gain, $13.66 on $100 bond.

"Third 4¼'s, now $96.40; record low $85.60; gain, $10.80 on $100 bond.

"Fourth 4¼'s, now $94.80; record low $82; gain $12.80 on $100 bond.

"I believe all issues of Liberty bonds will go to par within a year and will bring a premium before two years eventually selling as high as 115. I advised all our clients to buy Liberty bonds—to sell their automobiles, mortgages, jewelry and property if necessary, to do so.

Municipals Advance

"Municipal bonds showed a tremendous advance in sales for October. In October of this year $108,000,000 in municipal bonds were disposed of, as against $62,000,000 in October, 1920. Sales for the 10 months ending November 1 aggregated $947,000,000, the largest ever known in the history of finance. The figure easily will reach a billion by January 1, 1922. These funds have been invested in municipal improvements, indicating confidence in the future. There also have been large sales of foreign securities, including bonds of Argentine, Brazil, Chile, Belgium, Denmark, France, Sweden and Norway. This also indicates a revival of industry and a return of confidence.

"Public offerings made last week of $50,000,000 New York Telephone, $20,000,000 Consolidated Gas of New York and $500,000 Connor Lumber & Land company were over subscribed before the books were opened, breaking all previous records. Very large oversubscriptions of recent offerings of treasury certificates have been recorded, these over subscriptions being estimated at about $400,000,000.

Copper Sales Large

"Copper sales are large. One selling agency has sold 40,000,000 pounds since November 1, all for domestic consumption. Prices have advanced from 11⅞ to 13½ cents per pound.

"Fertilizer stocks show big advances. The price of silver has advanced. Marshall-Field's report shows increased sales. Lumber, wool, paper, iron, and cotton all report increased sales and trouble in getting raw materials. The automobile business shows big improvement. Shipments and driveaways are better than one year ago.

"Big companies are preparing for a large business in 1922. Idle freight cars on hand showed a decrease of more than 22,000 the last week in October. The number of unemployed shows a decrease each week. The demand for steel products is strong. Charles Schwab says steel has turned the corner. Mr. Schwab, the greatest optimist in America, says we are entering an era of prosperity such as we have never seen. Judge Gary, president of the Steel corporation, says business is getting better. The head of Crucible Steel is very optimistic.

"William Woods, president of the American Woolen company which controls the wool industry of the country, reports that his company's mills are now up to 97 per cent capacity and is very optimistic regarding the future.

Building Better

"Building operations under contract show big improvement and look better than at any time since April, 1920. Cement plants are operating to capacity. Coke companies again are operating full blast after being idle seven months. Brick manufacturers report no surplus on hand. They are shipping direct from the kilns. Shoe factories again are on full time basis and capacity production. Cotton prices are doubled. General crop conditions are good. Dunn's and Bradstreet's report improvement in all lines of business.

"Local conditions are good. Our potato crop is short and 'spotty.' One farmer replanted potatoes July 1 and had a big crop. A farmer on Route 3 has 1,700 bushels and there are a large number who have 500 to 1,000 bushels. One farmer has 3,700 bushels of high grade potatoes. Others not so fortunate have 100 to 500 bushels. When the crop is large the price is low and when the crop is short the price is high.

Coddington Beets Good

"Farmers at Coddington made a success with sugar beets and table beets, the sugar beets selling for $7 a ton on a yield of 11 to 12 tons to the acre. More than 1,000 acres will be planted to beets next season. Farmers at Coddington also have demonstrated that flax can be grown successfully. This will mean thousands of dollars added to the wealth of Portage county. Coddington farmers have been successful with livestock. I believe the future opportunity for the Portage county farmer is in the livestock business.

"Local conditions are good. Visitors and strangers report there is more activity here than in any other city in Wisconsin where they have been. The wonderful progress made in the last few years I feel is due to the cooperation which has been brought about largely by and through the Chamber of Commerce.

Need Optimists

"We need more optimists. We have the finest city in Wisconsin. Do not hesitate to tell every stranger you meet about it and tell what we have accomplished this year and our plans for next year. Be a booster.

"I believe we are entering a period of prosperity that will exceed anything we have ever experienced; that nothing can stop it as the stage is all set for a revival of industry. When the nations start to rebuild the waste of war, it would seem the worst is over. They are doing that now. Business is coming back fast, indicating that we have 'turned the corner.'"

MAN DIES IN GARAGE AFTER INHALING GAS FUMES FROM HIS CAR

Painless and Sudden Death Comes to Frank Luebchow of Wausau—Poor Ventilation Cause of Tragedy

Frank Luebchow, Wausau, met with accidental death Thursday evening in the garage on his premises by inhaling carbon monoxid, a poisonous gas generated by the engine of his automobile.

Mr. Luebchow had gone to the garage previous to having them stored for the winter. Twenty minutes later his wife heard the motor racing and decided to go out and investigate. She found the garage filled with smoke and the engine running fast. The body of her husband was lying on the floor, apparently lifeless.

A physician was called and an examination showed that Mr. Luebchow was a victim of carbon monoxid, a deadly gas which when inhaled causes a painless death. The garage was poorly ventilated and the gas had little opportunity to escape. In falling to the floor Mr. Luebchow's head struck a pole in the garage which caused a superficial laceration.

The deceased was 39 years old and leaves a widow and one daughter.

NEW PLANT GOING UP

E. A. Samsow of Rosholt Begins Work on Power House

E. A. Samsow, who recently purchased the lighting plant at Rosholt village, has arranged to have a new power plant installed on a lot southeast of the Andrew Austin residence there, which he recently purchased. Work was started the first of the week and will be continued as rapidly as the weather permits. The building will be made of concrete blocks. Modern machinery has been ordered.

DIVORCES GRANTED

Odilie Martzahl was granted a divorce from Emil J. Martzahl and Marie Smith a divorce from Alvin Smith in circuit court here Friday afternoon. Cruel and inhuman treatment was charged by the plaintiff in each case. Both cases were Wood county specials. A decree of divorce was entered this morning in the case of Loretta M. Casey vs. George E. Casey. The Caseys are residents of Portage county.

ROSHOLT VILLAGE TO HAVE BASKETBALL ORGANIZATION

Rosholt village will be represented by a basketball team, if the efforts of Principal William Gilson of the Rosholt schools are successful. A call for candidates has been issued, a hall rented and a schedule of games will soon be arranged. Young men of the village who are adept at the game sport are asked to try-out for the gauntlet.

W. H. CHEEVER DEAD

Milwaukee Normal Teacher Suicides in Lake Michigan

W. H. Cheever, one of Wisconsin's best known educators, committed suicide by drowning in Lake Michigan last Friday night or Saturday. He was for many years professor of economics and sociology at Milwaukee Normal school and also devoted much time to institute work. His wife was killed in an automobile accident a few years ago by a neighbor's car in which she had been riding. It ran over her as it was being backed into the garage. Mr. Cheever, who was 68 years of age, leaves a daughter.

ARREST FARM HAND OF WAUPACA COUNTY

Youth Facing Charge of Passing Worthless Check Has Hazy Ideas of Finance

That he had money in a bank a Ogdensburg and believed that a check drawn on any bank would be charged to his account there is the excuse given by Cecil Seely, Waupaca county farm hand, arrested at Fond du Lac Friday afternoon on the charge of passing a worthless check to Mrs. Anna Moquin at the Great Northern hotel, North Fond du Lac.

The check, which was for $20, was drawn on the First-Fond du Lac National bank, and the bank, instead of returning it to Mrs. Moquin, turned it over to Chief of Police F. A. Nolan, who put Detective James Silgen on the job. Silgen located Seely at North Fond du Lac and the arrest on a warrant sworn out by the chief followed in quick succession.

The authorities are half inclined to believe Seely's story, and the case was held open until next Thursday by consent of the district attorney.

Meantime the truth of his story relative to having funds in an Ogdensburg bank and the suspect's record in Waupaca county will be investigated. Should everything prove as Seely says, and if he makes good the worthless check, he may not be prosecuted. Seely has been working on a farm in the county for the past few weeks.

DOLLAR BUYS MORE AS PRICES GO DOWN

Now Worth 66 Cents Compared With 35 Cents Only a Year Ago

The dollar is growing in power.

Although it is still a weakling compared with 1913, it is now worth 66 2-3 cents in buying power at wholesale, as compared with 36.7 cents in May, 1920, according to the United States bureau of labor statistics.

The dollar is worth most in buying food products at wholesale, with 84 per cent buying power on the farm, compared with 1913 standards. In buying food it is worth 70 cents, clothing 53 cents, fuel and lighting 55 cents, building materials 53 cents, metals 83 cents and house furnishings 46 cents.

Stating it another way, farm products are 19 per cent over 1913, foods are 42 per cent higher, clothes and clothing 90 per cent higher, fuel and lighting 82 per cent higher, house furnishings 118 per cent higher, and metals and metal products 21 per cent higher.

The report further shows that in some of these groups, like clothing and fuel, prices went up several points in October while some lines went down. The general price level is 45 per cent down from the peak of May, 1920, but it is still about 50 per cent above 1913.

THREE DEATHS OCCUR IN CENTRAL WISCONSIN

Joseph M. McInnis, who had charge of operations in the woods for the Wausau Paper Mills company of Brokaw, died Wednesday night at his home in Wausau following an illness of three weeks with typhoid fever and pneumonia. The funeral was held this afternoon. A widow and two children survive.

The death of John Louis Gilberts of Klondike near Marshfield occurred Thursday morning. The deceased was 70 years old and one of the oldest residents in that district. A widow and four children survive. The funeral was held this afternoon from the Norwegian church in Richfield. Rev. Theo. Ringeon of this city officiating.

Mrs. Lorinda Johnston Brown, Wisconsin Rapids died suddenly in Menominee, Mich., Thursday at midnight. She appeared to be in usual health when retiring that evening. Mrs. Brown was 49 years old and a daughter of the late Mr. and Mrs. Frazier Johnston of Wisconsin Rapids. She had been employed as a housekeeper in a Menominee home for 11 months but prior to that time had been almost a lifelong resident of the Rapids, where burial will take place.

IS SENTENCED TO FOUR YEARS IN STATE JAIL

James Kale, Alleged Check Forger, Gets Stiff Penalty

James Kale, McDill, who was arrested by local police last Saturday evening after he had attempted to cash a check for $54 made payable to himself and bearing the alleged signature of T. E. Cauley, county highway commissioner, was sentenced to spend four years of his life in the state penitentiary at Waupun by Judge Byron B. Park in circuit court Friday afternoon.

Kale presented the check at the Breitenstein-Tozier company store on Clark street after he had been refused at other stores in the city when he asked cash for the check. He told people at the Breitenstein-Tozier store that the check was his salary for work he had done on county roads under Mr. Cauley. When refused he left the store, police were called and he was arrested. He pleaded guilty to a charge of uttering and attempting to pass a forged check when arraigned in county court. It is stated that he passed a check for $34 at the Breitenstein-Tozier store last May, which also bore the forged signature of Mr. Cauley.

Kale's sentence of four years also bears the provision that the tenth day of each year he is in the penitentiary be spent in solitary confinement.

Two Years in Reformatory

Anton Grubba, Stevens Point, charged with burglary in the night time, pleaded guilty to the charge before Judge Park Friday afternoon also, and he received a sentence of two years in the reformatory at Green Bay. He is alleged to have broken into the garage of James Diver on Clark street several times during past months, and was arrested a few weeks ago at his home by a local policeman. Automobile accessories which were alleged to have been taken from the Diver garage were found by policemen when a search was made of his home.

Wisconsin Rapids Case

Florence Dye and Willis Cavanaugh, both Wisconsin Rapids residents, pleaded guilty to a charge of unlawful cohabitation Friday afternoon. Cavanaugh was sentenced to serve six months in the Wood county jail, while the case of Florence Dye was continued until the March term of circuit court for Wood county. She was released on her own recognizance. This case was a Wood county special.

MOTHERS' PENSION FUND GETS $3,000

Three Members of One Family, Blind, Ask For Aid Under State Law

The sum of $3,000 was appropriated by the county board of supervisors for Portage county late Friday afternoon to the Mothers' pension fund.

The amount appropriated this year is an increase of $2,000 over that of 1920. Mrs. L. M. Maloney of the Stevens Point Woman's club appeared before the board and gave an address on the subject while County Judge W. F. Owen also gave a talk on the law and its provisions.

The Mothers' Pension fund is, as Judge Owen said Friday afternoon, practically a fund for the care of children whose fathers have died and left families penniless. A widow with children receives a stipulated sum per child under the provisions of the law.

Four in Family Blind

Petitions of Julius, Matt and John Colby, William Koch and Wilhelmina Clinton, asking for aid from the county under the state law giving aid to the blind, were read this morning and referred to the committee on county poor. The Colby family is afflicted with blindness, there being four in the family now living who are blind. Julius and Matt reside in Stevens Point, John lives in the town of Linwood, and another brother is a student in a blind school in Milwaukee. William Koch lives in Stevens Point and Wilhelmina Clinton at Amherst.

PARALYSIS VICTIM EXPECTED TO RECOVER

Mrs. Melvin Dobbe and little daughter of Rosholt returned home from Chicago this week, where the latter had been receiving medical treatment. About three years ago the child was stricken with infantile paralysis, which left her in a crippled condition. After eight weeks of treatment in Chicago the little girl is now able to walk with the use of braces and it is believed that she may be entirely cured of her affliction.

Engraving 6,000 Years Old.

An engraving approximately 6,000 years old was discovered recently in Wales. Upon the plaque are a number of triangular symbols dating from Neolithic times, probably by workmen of the Iberian race, many evidences of which survive.

RETURNS FROM THE WEST

Charles F. Martin Spends Four Months in California

Charles F. Martin has returned from a four months' trip to California, during which time he visited various portions of the state and saw many wonders that will long live in memory. This was Mr. Martin's second trip to the Golden state, he going there fourteen years ago and spent the winter.

Mr. Martin, Theodore Huven and William Parker of 313 N. Phillips street left here in the Martin automobile and drove as war as western Montana, where weather conditions made it advisable for them to continue their journey via railroad train. They visited relatives and former Wisconsin neighbors at Los Angeles, Long Beach and numerous other cities and towns. Mr. Parker secured a position at Long Beach and remained there. Mr. Huven stopped off at Hancock for a visit before returning to this city.

SURPLUS HAY CROP REPORTED ON FARMS IN CARSON-LINWOOD

Land West of the Wisconsin River Produced Fair Crop This Year—County Agent Helping To Sell It

Farmers in the towns of Carson and Linwood have a surplus of good timothy hay this year according to Chairmen James M. Fogarty and John Pascavis, now attending sessions of the county board. Much of the land in Portage county west of the Wisconsin river is heavy soil and produced a fair crop of hay this year, although not quite as much as usual due to the dry season.

"Farmers east of the river thought they had the best of us a couple of years ago when potatoes were selling around $7.00 a hundred," said Mr. Fogarty. "This year the tables seem to be turned. Men to whom I have formerly sold around ten tons of hay are now buying two or three tons. They say they have sold most of their dairy cattle because of lack of feed."

Hay this year is of good quality as the weather during haying was favorable. Good quality timothy hay is being sold on the market square in Stevens Point at $20 to $22 a ton. Prices at the farm are $3 to $4 lower. In past years a good deal of hay has been shipped out of Rudolph but at the present time freight rates are so high that most of the 1921 crop will be sold locally.

Mr. Fogarty and County Agent W. W. Clark are making a list of men having hay for sale and will refer prospective purchasers direct to farmers. "There is no advantage in shipping hay in from outside the county while farmers have a surplus here," said the county agent. "Many men have no hay at all right now with winter just beginning and our idea is to bring demand and supply together to the advantage of each. Good hay at $16 to $17 on the farm is a reasonable price in comparison with other feeds."

RED CROSS IS READY FOR DENTAL CLINICS

Figures for October and November Show Growth in Rest Room Patronage

The installing of the dental equipment purchased by the Junior Red Cross of Portage county has been completed, and it will be put into operation shortly. The school children needing examination or dental treatment will be sent by Miss Marlowe, school nurse, to the health center to attend the clinics. This same privilege is also open to the children of the county and it is hoped that the clinic may serve a great many in the community.

The register kept at the rest room shows that 73 visitors came to the rest room during the month of October. That number has already been reached for the month of November and the close of the month will show an increase over October. It is anticipated that a matron will be in attendance soon, who can devote her

MANY PRIMERS STOLEN

No clues have been secured as to the identity of the parties who broke into the Jorgenson Manufacturing company's plant at Waupaca last week and carried off between $500 and $800 worth of primers, all packed and ready for shipment. Suspicion pointed to someone well acquainted with the premises and the conditions of the plant.

GREEN BAY STATION AT RAPIDS ENTERED SUSPECT ARRESTED

William Hawthorne is Taken Into Custody at Appleton Charged With Burglary Last Thursday Night

William B. Hawthorne of Randolph, Wis., is in custody in Appleton charged with burglarizing the Green Bay and Western depot at Wisconsin Rapids last Thursday evening. He will be brought to the Rapids and turned over to the local authorities there.

Entrance to the Green Bay station was gained by breaking a small hole in one of the windows and unfastening the catch. A stove poker was used to pry open the window to the ticket office and cash to the amount of $51 was taken from the change drawer.

The robber or robbers left no trace or means of identification, the only clue being the disappearance of Hawthorne, a man who had been seen around Wisconsin Rapids for several days. Chief of Police Paine immediately notified police authorities throughout the state and the arrest of Hawthorne at Appleton resulted.

A warrant has been sworn out charging him with the burglary, and the man will be brought to trial as soon as possible after his return to Wisconsin Rapids.

UP FOR TRIAL SOON

Alleged Bandit Recovers from Wounds and is Removed to Jail

CHANGE ASKED IN ROAD ROUTE; FIGHT PROSPECT

Concrete Into City On 18 From Carson Petitioned

With the reading of 22 petitions for road and bridge work in various parts of Portage county Wednesday, the Portage county board of supervisors entered into what is seemed to be among its most important work. One of the petitions presented was signed by residents of McDill, and asked that highway 10 from McDill to Stevens Point be kept free of snow during the winter months. All petitions were referred to the state aid road and bridge committee.

A sectional fight on the location of one of the county's prospective state trunk highways looms with a resolution asking that the Jordan-Bentley road be put on the list of prospective state highways in place of the Formella-Bentley road, introduced by Stanley Wengelski, chairman of the town of Dewey, and Anton Laszewski, chairman of the town of Hull.

Agitation Begun

Agitation for this change was begun last summer, and it was openly espoused by W. E. Fisher of this city, who advocated that the change be made at an open forum meeting of the Chamber of Commerce. The Jordan-Bentley road runs north from highway 66 at Jordan, along the west side of the Big Plover river, and skirts along the edges of three towns, Hull, Dewey and Sharon. The Formella-Shantytown road turns north from 66 at Ellis, past the Schliesman farm, and eventually reaches the same section of the country that the Jordan-Bentley road does, the neighborhood about Shantytown and Bevent, in Marathon county besides all that part of Portage county about Bentley's mill and in the towns that converge there.

Eight petitions, signed by residents in the three towns through which the Jordan-Bentley road runs, were also read to the board, while three petitions, opposing the change, was signed by residents of the town of Sharon, through which the Formella-Shantytown road is laid, were also read. This matter with the other petitions, was referred to the state aid raod and bridge committee.

Ask Concrete In City

A petition presented by City Attorney W. E. Atwell was among the 22 and asks that the concreting of highway 18, which is completed for two miles in the town of Carson, be extended within the city limits with the funds which remained after concrete road work was completed this fall Under the state highway plans, the state and counties can construct and maintain all highways within the limits of a city where the houses are 200 feet apart. The two mile stretch of concrete in Carson commences quite a distance away from the city and there is an intervening stretch of very poor road some distance into the city limits. The resolution presented to the board was a copy of one which had been presented by Alderman M. Cassidy and passed in the common council of Stevens Point.

BOY MISSES RABBIT COMPANION IS SHOT

Vernie Somers, Aged 14, Injured in Accident in Woods on Thursday Afternoon

Fine shot from a 20 gauge gun fired by Tony Porter, aged 15, a son of Thomas Porter residing on Main street near the fair grounds, caused injuries to Vernie Somers, 14, a son of Charles Somers, Ellis street, Thanksgiving afternoon.

The accident occurred near the Plover river, where the two boys had gone rabbit hunting in company with Thomas Porter and Fred Vaughn, son of Mr. and Mrs. D. C. Vaughn, 109 Michigan avenue.

Tony Porter fired at a rabbit some distance away but failed to see the Somers boy. According to members of the party, the charge struck a tree and some of the fine shot glanced off and struck the lad. The shot entered his back, arms and legs.

The injured lad was rushed to an automobile in which the four boys drove to the spot near where they were hunting, and was brought to the Vaughn residence in this city. A doctor was summoned to dress the wounds. The victim of the accident will be laid up for several days.

WOOD COUNTY PLANNING FOR MEMORIAL TREES

Considerable local interest has been aroused in Wisconsin Rapids over the proposal of George Wood that memorial trees be planted along the highways of Wood county in honor of the service men dead. The matter has been taken up by the American Legion post.

FAVOR TRAINING SCHOOL

The Waupaca county board of supervisors by a vote of 27 to 14 passed a resolution favoring the building of a county training school for teachers.

CHILDREN GIVEN AID

Work of Miss Hanley Brings Relief to Five Afflicted

"Miss Mary Hanley of Stevens Point, Red Cross worker, was in Amherst recently to assist in some relief work for the Derleder children of near Arnott, who were left motherless some months ago, their mother having died of tuberculosis," says the Amherst Advocate.

"Miss Hanley, upon examination, found each of the five children, four girls and one boy, suffering from tuberculosis, and Mesdames Frank Metcalf, A. L. Rounds, George Smith, C. M. Aldrich, R. L. Peterson, Alfred Smith and F. O. Adams met at the Smith home, where they made comfortable clothing for the children, and they were all sent to Sunnyside sanitarium at Oshkosh to receive treatment."

COUNTY BOARD VOTES TO KEEP COUNTY AGENT

Resolution to Continue Office Carried With But One Opposing Vote

Portage county will continue the office of county agricultural agent for another two years at least.

This is the decision of the county board of supervisors, which, at its meeting Friday afternoon, voted almost unanimously in favor of a resolution introduced by Supervisor Martin of Almond providing for continuance of the office. The vote was 29 to 1, the only opposing vote being cast by Supervisor Felix Lukasavitz, of Stockton.

Dunegan Is Speaker

Prior to the vote on the resolution, J. W. Dunegan of Stevens Point, the county's most enthusiastic proponent of the county agent system, gave a half-hour's talk on the subject. Mr. Dunegan impressed upon the board the thought that a county agent is now more essential to the welfare of the farming industry of the county than ever in the past. He declared that the business men of Stevens Point are strong for the agent because they realize that when the farmers do well they do well also, and the county agent is of great help to the farmers in the successful operation of their farms. The cost of the county agent is small, he pointed out, being only about nine cents on every $1,000 of assessed valuation.

Mr. Dunegan also pointed to the fine work done by the present county agent, W. W. Clark, who, he said, had remained here in spite of the fact that he had received attractive offers from Minnesota and one from Marathon county.

BIG CLASS INITIATED BY LOCAL ELKS LODGE

Thanksgiving Day Featured by Ceremonies at Parish House, Banquet and Dance

Stevens Point lodge No. 641, Benevolent and Protective Order of Elks, observed Thanksgiving day with initiation ceremonies, a banquet and a dance.

The opening events of the day's program, the initiation, was held at the Parish House and was attended by about 100 members of the lodge. Forty-one candidates, including several from outside the city, were initiated. The work was put on by officers of the lodge under the watchful eye of District Deputy C. T. Robinson of Superior, who, at the conclusion of the ceremonies, paid a high compliment to the officers and the lodge as a whole.

A roast goose dinner was served in the Elks' club rooms at 6:30 o'clock in the evening and was followed by a short program of speeches. W. F. Collins of Arnott acted as toastmaster and among the speakers were District Deputy Robinson, C. H. Cashin, W. E. Atwell, John W. Brown and B. J. Carpenter. Music was furnished by Weber's orchestra.

The dancing party, held later in the evening, was largely attended by Elks, their ladies and friends. The musical program was rendered by Weber's orchestra. A lunch was served at midnight.

CONTRACTS WITH FARMERS FOR RAISING CUCUMBERS

Frank Swanson went to Amherst Friday to look after the Reid-Murdock company interests in that city. This Chicago concern has many pickle factories and salting stations in Wisconsin, a number of which will be under Mr. Swanson's management next season. He will spend several of the winter and early spring months in making contracts with farmers for the raising of cucumbers, the seed to be furnished by Reid-Murdock.

ROSHOLT WANTS GOOD ROADS FOR ITS HOME TRADE

Not Anxious to Improve Highways Which Take Business Here or to Wausau

Reprinting an editorial which appeared in the Journal concerning the effort of Rosholt business men to get the assistance of Wausau interests in procuring a shortening of the highway between the two places, the Rosholt Review then comments upon the subject as follows:

"We agree that there is a poor road between Polonia and Stevens Point, if road it can be called, and there is not a person in Rosholt who would not like to see it converted into a concrete highway. However, as far as our business interests are concerned, the improvement on the Wausau road would be of more advantage to us. Our business houses handle everything needed for the average family, so we do not particularly need a good road to take us to another town.

"What Rosholt wants is good roads throughout our entire trade territory. As far as our territory goes toward Stevens Point we have good roads. On the other hand the road leading to Bevent, from which vicinity we draw a great deal of patronage, is poor. Rosholt business men are now working to give these patrons a better road. "Let's work for better roads in our own territory before we boost for better roads leading into Stevens Point."

The Journal editorial called attention to the fact that Stevens Point and Rosholt are only 18 miles apart, while the distance from Rosholt to Wausau is 40 miles. It concluded with the statement: "Rosholt is too valuable a part of Portage county to be permitted to drift away into Marathon county so far as its business is concerned. Let's give it a real road."

EXPLOSION OCCURS IN JUNCTION DEPOT

Harmless Keg of "Grape Juice" Begins to Work When Placed in Storage

An alcoholic odor which permeates the atmosphere of the little depot building at Junction City is causing some who wait there for trains to wonder what it's all about.

David Cyra, operator at the station, supplied the information which answered the question. "It was a keg labeled 'grape juice,' " he said. "But it worked too much and then came the explosion. But we saved some of it for evidence."

The keg had been placed in storage in a room just off from the ladies' waiting room, after being received from one of the trains which pass through the Junction. The brown sugar, yeast and other ingredients began to work when heat from one of the depot stoves warmed the storage room. The keg wasn't strong enough to stand the test and "grape juice" spattered in all directions.

LOCAL BANK GETS THE COUNTY MONEY

Citizens' Designated Depository By Board of Supervisors, Bidding 4¼ Per Cent

The Citizens' National bank of Stevens Point was designated by the county board of supervisors Friday morning as the depository for the funds of Portage county.

The Citizens bank bid of 4 and one-eighth per cent interest on daily balances of the county, was the highest of four bids entered

Other bids were:

International bank, Amherst, 3½; First National, Stevens Point, 3; Junction State bank, Junction City, 3.

The International bank of Amherst was the county depository last year, paying 4 per cent interest

TO KEEP ROADS OPEN

Winnebago county will spend nearly $7,000 this winter to keep the main traveled roads open to traffic. Authorization for this expenditure has been made by the county board. Special types of plows will be used in the work and employment will be given to several score of men. Adjoining counties have announced similar projects and heavy winter snows will only temporarily block Fox river valley traffic, it is predicted

MADISON GIRL NAMED

Miss Melitta C. Heims of Madison has been appointed home demonstration agent for Marathon county to succeed Miss Mary A. Brady on January 1, 1922, by the state leader in home economics, Mrs. Nellie Kedzie Jones. The appointment was confirmed by the county home economics committee.

VISITS FRIENDS HERE

James E. Feely Disposes of Resort Near Fifield

Jas. E. Feeley, a boyhood resident of Stockton township, came down last Wednesday to spend several days among old friends in this vicinity. Mr. Feeley was the former owner of Pike Lake and Springstead summer resorts several miles distant from his present home town of Fifield. He sold the Pike Lake property a couple of years ago and disposed of the Springstead a few weeks ago to Chicago people who will use it as a girls' camp. Many new cottages are to be erected and other substantial improvements made on the place. Mr. Feeley will now devote much of his time to operating a farm near Haywood.

MRS. SARAH HYDE DIES AT AGE OF 90 YEARS

Old and Respected Resident of City Expires Following Short Illness

Mrs. Sarah W. Hyde, aged 90 years, a resident of Stevens Point for nearly 40 years, passed away at her home at 422 Clark street Wednesday afternoon. Her death was caused by general debility brought on by the infirmities of old age. An acute attack of stomach trouble hastened the end.

Mrs. Hyde was stricken last Friday evening and her condition became critical Monday night when she lost consciousness. Mrs. G. E. Oster, a daughter and until recently a resident of Stevens Point, was called here Tuesday from Minneapolis by Mrs. Hyde's critical illness.

The deceased whose maiden name was Sarah Lord, was born in Bangor, Maine, on August 9, 1831 and remained there until 18 years of age, when the family removed to Wisconsin, locating in Waushara county. She was a resident of that county at the time of her marriage to Thomas Hyde 63 years ago. Mr. Hyde was the owner of a large farm and also conducted an insurance business and the couple continued to reside there until 1882 when they came to Stevens Point. Mr. Hyde, a prominent local insurance man, passed away here on October 26, 1905. He had retired from business five years prior to his death and he and Mrs. Hyde spent their winters in Biloxi, Miss., and their summers at the Chain O' Lakes, Waupaca, where the former had built a summer home. The widow continued to reside in Stevens Point after her husband's death. His insurance business was later taken up by a son-in-law, W. J. Shumway, who is still serving in that business capacity.

Mrs. Hyde was one of the city's oldest and best known residents and despite her advanced years was keen in intellect up to the end. Her interests were diversified and she was well informed on topics of the day. For many years, almost from the time she first came to Stevens Point, Mrs. Hyde was a reader of the Stevens Point Journal. When her eyesight began to fail recently she continued to scan the headlines of each issue.

The surviving relatives in the immediate family are two children, Mrs. G. E. Oster of Minneapolis and Mrs. W. J. Shumway of this city, who is at Redlands, Calif., with a son Claude. Mrs. Shumway will not come for the funeral.

RETURN WITH SIX DEER

Dr. R. B. Smiley, John Lukasavitz, Wm. Kalke, Herman Crueger, W. B. Coddington and Gus Haertel formed a party of local hunters who spent the open season near Glidden and each succeeded in bagging a buck. They returned ith their trophies on Wednesday.

A. L. SHAFTON BUYS BUILDING AT SALE

Gets Cooperative Warehouse on South Second Street For $3,700

Receiver's sale of the American Cooperative Association warehouse on South Second street was held last week, when several local bidders were present and the property was sold to A. L. Shafton for $3,700. The building is constructed of stone and brick, 40x60 feet in dimensions, and is much needed by Mr. Shafton, whose other warehouse a short distance further south on the same street is hardly adequate for his wholesale fruit business. Necessary repairs on the structure will be made as soon as the sale is approved by the court. This property was bought some years ago by L. Starks company, wholesale potato dealers, and sold to the A. C. A. for $4,400.

BRING 215 POUND DEER

George Curtmill and George Yorton of Plover came down from Chelsea on a Soo line train Wednesday, bringing with them a buck which tipped the scales at 215 pounds. While somewhat disappointed in not getting two of the fleet footed animals, they were more fortunate than the average hunter this season.

FIRST CLAIM PAID UNDER GROUP PLAN

Protection Accorded Employes by Hardware Organization Is Exemplified

The first death benefit under the group life insurance plan of the Hardware Mutual Insurance companies and the Hardware Dealers' association of Stevens Point was paid today, a check for $2,500 being turned over to Mrs. Edna Morgan, beneficiary under the insurance policy of her son, the late John C. Wood, assistant treasurer and head of the accounting department of the Hardware Mutual Fire insurance company.

The group insurance plan was instituted by the Hardware organizations in November, 1920, and every member of the three organizations who has been in service six months or more comes within its scope. Without any form of examination, a policy of $500 is issued on the life of every employe after six months of service at no cost to the insured. For each additional year of service the amount of the policy is automatically increased $500 up to the maximum of $3,000. Some of the employes were insured for $3,000 when the plan was inaugurated, and others have since reached the maximum. In the event of an employe leaving the service, he has the privilege of continuing the policy he holds at its full amount at his own expense.

The late John C. Wood entered the employ of the Hardware Mutual Fire Insurance company on July 16, 1916. Had he lived until January 16, 1922, his policy would have attained the maximum of $3,000.

FIVE DEER, TWO FOXES IN ONE AUTOMOBILE

Whitewater Hunters Here on Their Return Trip from Northern Woods

Seven men from Whitewater, traveling in a Rio speed-wagon, comprised the members of a deer hunting party which stopped in Stevens Point this morning while enroute from Glidden to their homes in Whitewater.

Five deer and two foxes were loaded upon the homeward bound truck, a deer for each man in the party except two. The party went north 12 days ago and made the entire distance from Whitewater to Glidden, 341 miles, in a single day.

Members of the party are Chris. Zigler, Wesley Asbury, Fred Cooper, John Reese, Max Meske, Richard Marshel and Arthur Finlay. They reported the state highways in good condition despite a heavy snow, which fell to a depth of 16 inches near where they hunted. Their deer ranged in weight from 130 to 200 pounds.

Many hunters this year made trips to and from the deer grounds via automobile. During every day of the deer season cars passed through the city either enroute north or in the other direction. Man returning home carried vénison. Fewer shipments of deer by train is attributed in a large measure to the use of autos.

24 GUERNSEY CATTLE DIE IN FARM BLAZE

Two Barns and Three Silos Also Destroyed at Anderson Place Near Ogdensburg

Twenty-four head of Guernsey cattle, 18 of which were pure breds, perished in a fire on the farm of Guy Anderson near Ogdensburg a few days ago. The fire was caused by the explosion of gasoline vapor when Mr. Anderson was engaged in filling the tank of his gasoline engine in a barn. He was rendered unconscious and before he was able to realize what had happened the interior of the barn was a mass of flames. Some of the cows destroyed by fire were valued as high as $500 each, it is said. A second barn and three silos burned to the ground in the conflagration.

ALL MAJORS IN GUARD MUST INSPECT BATTALIONS

Madison, Nov. 23—All majors in the national guard of Wisconsin are receiving order to inspect their battalions before Dec. 15, and submit reports to the adjutant general. Personnel, records, equipment, animals and trucks will come under the scrutiny of the battalion leaders.

WAUSAU MAN IS DEAD

Charles Mueller, a resident of Wausau for 18 years, died suddenly at his home in that city Tuesday night of heart trouble. He was born in Waukesha in 1871 and united in marriage with Miss Letta Gregory in this city in June, 1906. He leaves the widow, a daughter, Esther Mueller of Wausau, and a brother, G. F. Mueller of Marshfield.

ENGINEERS FORM LOCAL DIVISION ELECT OFFICERS

Organization Is Perfected at Meeting at I. O. O. F. Hall and A. T. Bacon Is Chosen to Head the Body

A new organization of railroad employes was formed at the I. O. O. F. hall on November 20, to be known as Central Wisconsin Division No. 893, Brotherhood of Locomotive Engineers. The meeting was called by members of the Brotherhood of Locomotive Engineers who are making their headquarters in Stevens Point.

This is the first local organization of its kind to be formed in the city. It was organized by Chief Engineer H. S. McCallum and his staff of officers of Division No. 372 of Fond du Lac. The following officers were elected and installed:

Chief Engineer, A. T. Bacon.
First Engineer, C. E. Bidwell.
Second Engineer, W. J. Johnson.
Third Engineer, Harry Ewald.
Secretary-treasurer, W. J. Holman.
Guide, R. B. Broten.
Chaplain, R. H. Plank.
Local chairman, Len Bulson.
Representative on Legal board, L. M. Maloney.

At 1:30 o'clock a recess was called and members and guests were invited to the dining room. As the doors of the dining room were thrown open those present were greeted with songs by the G. I. A. to the B. of L. E. The words of the songs were composed for the occasion by Mrs. R. C. Broten. The banquet was prepared and served by a committee of members of Wisconsin Valley Division 175 B., G. I. A. to the B. of L. E., under the direction of Mrs. C. E. Bidwell. An orchestra composed of a daughter and sons of the members played during the dinner.

Mrs. J. C. Davidson, president of Division 175 B, gave an address of welcome to the new division, voicing the sentiments of all the members of the auxiliary. Chief Engineer Bacon of the new division then called on F. J. Kilp of the locomotive engineers on the Soo line. Mr. Kilp responded in a most pleasing manner, impressing the ladies with their responsibility in the prosperity and success of the new division, especially in encouraging regular attendance and in sociability. Short talks were given by H. S. McCullum, E. E. Smith, W. P. Pfrang and Mrs. H. S. McCullum of Fond du Lac and A. T. Bacon and Len Bulson of Stevens Point.

The guests from out of town were Mr. and Mrs. H. S. McCullum, Mr. and Mrs. E. E. Smith, W. P. Pfrang, Ellison, Elmer Johnson, J. Tighe and F. J. Kilp of Fond du Lac, E. Schillin of Spencer and Mr. and Mrs. J. H. Holman of Chippewa Falls.

ARRESTED FOR THEFT OF AUTO MAN DRAWS GUN

Palmer Acheson of Neenah in Custody of Local Officers a Second Time

Palmer Acheson, Neenah, wanted at Wausau for the alleged theft of an Oakland sedan with a fine buck tied to the running board and belonging to C. S. Schultz of Neenah, was arrested at 1 o'clock Thursday morning by Deputy Sheriff Manuel Berry and Officer John Frymark.

The arrest followed a search of several hours in the city and county by Officer Frymark and Deputy Sheriff Berry and was made after a short struggle between the officers and the Neenah man, during which it is alleged the latter drew a revolver and threatened to fire it at Berry. Acheson was found in the store building at 815 Strongs avenue, where, it is reported, he was operating a gasoline filling station for a Wisconsin Rapids man.

Grabs His Wrist

To the rear of the store he had left the Oakland, which it is alleged, belongs to the Neenah man Officer Frymark walked into the front entrance, while Deputy Berry stood at the rear and guarded the auto. As Frymark entered the store Acheson went out the back door. As he saw the deputy sheriff at the auto he drew a revolver from his pocket with his right hand. When he did so, Berry made a grab for his wrist and in a moment Frymark had the other wrist in his grip. After a short struggle Acheson was quieted and he was taken to the county jail.

Mr. Schultz and C. L. Thompson, also of Neenah, arrived in Wausau at 7 o'clock Tuesday evening with the deer tied to the running board of the former's car. They were on their way home after a hunting trip near Ashland, and stopped at a Wausau restaurant for a lunch. Twenty minutes after they had left the car they returned, and found it gone. The trail was followed by the two hunters and Wausau police toward Mosinee.

Leaves the Venison

It was discovered that it had turned off state highway No. 10 going east, through Schofield and on toward Wittenberg and Galloway. There the trail was lost. The deer, however, was found at the side of the road. It is believed that the deer was thrown from the car to avoid suspicion.

Wausau officers followed the trail as far as it was discernible and then notified the sheriff's office here and the local police. At 12 o'clock Officer John Frymark received a report that Acheson was at a party in Torun. Officer Frymark called Deputy Berry and the two made a quick trip to the place. When they arrived there they were told heh ad returned to Stevens Point, and the return trip was made, and he was trailed to the address on the South side.

After his arrest, Acheson at first refused to reveal his identity. Having had him in custody at the county jail for several days during the summer, Mr. Berry knew him, but he remained stolid until confronted by Sheriff John A. Berry in his cell at the jail late Thursday morning, when he confessed his name.

Taken to Wausau

The Neenah men with Detective Sweitzer of the Wausau police department, came to Stevens Point Thursday morning. Both Mr. Schultz and Mr. Thompson recognized Acheson when they saw him, and he was taken back to Wausau the same morning for arraignment in court.

Acheson is the same man who was arrested by Sheriff John A. Berry last summer after he had attempted to sell a Buick roadster to Loberg and Ross of this city. He was taken back to Neenah and charged with the theft of the Buick, but upon arraignment in the Winnebago county court at Oshkosh he was acquitted.

FIRE DOES DAMAGE AT DEWEY SAW MILL

Property is Saved by Crew of 15 Men Who Fight Flames Friday Night

A saw mill in the town of Dewey, owned by R. K. McDonald and Barney Pekaraki of this city, came near being destroyed by fire on Friday night and it was only by hard work by the crew of 15 men that most of the property was saved.

The only part that went up in smoke was a small lean-to, in which were stored a number of axes and other small tools. The most valuable article to be destroyed was a leather belt valued at about $90. Two to three hundred dollars will cover the loss, with no insurance. Operation of the mill will be delayed only a few days.

WAUSHARA PIONEER DEAD

Mrs. Kate Leach, 80 years old, one of the earliest settlers of Waushara county, is dead at her home in the town of Springwater. She was a sister of the late Henry C Campbell of Milwaukee.

OBITUARY

Anton Kowalski

Anton Kowalski, town of Dewey, died suddenly at the home of a son-in-law, near his home, Sunday evening. The cause of his death is unknown. Mr. Kowalski had been taken with fainting attacks at various times previously, and fell into one at his son-in-law's home, death coming at this time.

The deceased was born in Russian-Poland 62 years ago and had been a resident of the town of Dewey for but a comparatively short time, having come to the United States only a few years ago. His widow survives him.

The funeral will be held Thursday morning at St. Frances' church at Knowlton, with burial in the parish cemetery.

Jacob Rutta

Jacob Rutta, a pioneer resident of the town of Hull, died at his home heart trouble.

Mr. Rutta's remains are to be laid to rest in St. Casimir's cemetery Thursday morning, following services at St. Casimir's church in the town of Hull, Rev. V. Prue officiating.

The deceased was born in German-Poland and was 78 years, three months and 26 days of age at the time of his death. He was one of the first Polish residents of the town of Hull to come to Portage county.

Mrs. Nettie Aber

Mrs. Nettie Aber, aged 63 years, an old resident of Stevens Point, passed away Monday, November 14, after a long illness, at the home of her daughter, Mrs. Della Mills at Indianapolis Indiana.

Mrs. Aber, whose maiden name was Nettie Worden, was born at Stockton, Wis., May 3, 1858. She was married to John T. Aber October 13, 1875. Four children were born to them, Mrs. Della Mills, Mrs. Mina Troll, Mrs. Nettie Colby and John H. Aber, all of Indianapolis. She also leaves four brothers: Marion Worden of Junction City, Merritt and George Worden of Stevens Point, and Homer Worden of Buena Vista, besides six grandchildren

Mrs. Aber resided in and around Stevens Point all her life until about 15 years ago, when the family moved to Indianapolis. Her remains were laid to rest in Anderson cemetery, Indianapolis, by the side of her husband, who died six years ago.

Mrs. John Pleet, Jr.

An illness of nearly five months with lung trouble and complications terminated fatally at 11:10 o'clock Wednesday night, when Mrs. John Pleet, Jr., of this city, passed away at a Milwaukee sanitarium. She was taken sick last July and had been failing gradually ever since. For the past three weeks her condition was very serious and her death came as a welcome relief from long suffering.

Martha Kutella was a native of Portage county, born in the town of Carson 38 years ago. She was married in 1914 to John Pleet, Jr., moving at once to this city, and had resided here ever since. Mr. and Mrs. Pleet are the parents of two daughters, aged 6 and 2 years.

Besides the members of her immediate family the deceased lady is survived by her aged mother, Mrs. Margaret Kutella of Wausau, two brothers and two sisters, Joe of Carson, Mrs. Peter Kitowski, Mrs. Leo Kitowski, and John Kutella of Wausau.

The remains were brought to Stevens Point on Thursday and taken to the home of Mr. Pleet's father, 926 Normal avenue. Funeral services were held at St. Peter's church at 2:30 Saturday morning, interment following in Guardian Angels' cemetery.

Mrs. Hyde Laid to Rest

Funeral services for the late Mrs. Sarah Hyde, an old resident of the city, were conducted at her home at 422 Clark street Friday afternoon, Rev. R. A. Barnes of St. Paul's Methodist church officiating. A quartet composed of Prof. and Mrs. H. R. Steiner, Miss Lucy Allen and Supt. H. C. Snyder rendered three numbers, accompanied by Miss Ruth Hamilton.

The remains were laid to rest in Forest cemetery, beside those of Thomas Hyde, late husband of the deceased. The casket bearers were D. J. Leahy, M. E. Bruce, N. A. Week, E. H. Rothman, C. H. McCreedy and W. G. Bate.

Relatives here from away were Mrs. G. E. Oster and son, Fred, of Minneapolis, daughter and grandson respectively, Mrs. F. A. Hollister of Aurora, Ill., a granddaughter of the late Mrs. Hyde.

Matt Horeysi

The death of Matt Horeysi, 321 Maple street, occurred Friday afternoon at 3 o'clock. Death was caused by cirrhosis of the liver. Mr. Horeysi had been afflicted with that disease for the past year, but was able to work until just a few days before his death.

He was born in Bohemia on September 11, 1876, and came to the United States about 20 years ago. For several years he lived in Chicago, then he went to Sheboygan where he lived for six years, and the past four were spent in Stevens Point.

There survive the widow and four children as follows: Frank, Michael, Anna and Emma. The funeral was held Sunday afternoon at 2 o'clock from the home on Maple street, Rev. James Blake officiating and burial following in Forest cemetery.

Mrs. Pleet's Funeral

The funeral of the late Mrs. John Pleet was held Saturday at 8:30 o'clock at St. Peter's church, Rev. S. A. Elbert officiating. Burial followed in Guardian Angels' cemetery. The pallbearers were all relatives of the deceased.

Mrs. Katherine Lovely

Another of Portage county's earliest residents died Monday morning, Mrs. Katherine Lovely dying at her home in the town of Hull, about four miles northeast of Stevens Point, at 1:30 o'clock. She had been confined to her bed seven weeks, suffering a general breakdown incident to old age.

Katherine Nugent was born in Queens county, Ireland, about 82 years ago and came to America with her family when she was 15 years of age. She had lived in this vicinity practically all the time since and was married to Thos. Lovely in this city some fifty years ago. The husband died in the early '90's and is buried in St. Stephen's cemetery.

The deceased woman is survived by four sons, Lawrence and Joseph, at home, Richard of Stevens Point and Peter of Superior.

Funeral services were conducted at St. Stephen's church at 10 o'clock this morning, with burial in the parish cemetery.

ASK ONE LIBRARY FOR ENTIRE COUNTY

County Board Committee Proposes to Consolidate City and Rural Interests

The report of a special committee of the board of supervisors of Portage county on the matter of consolidating the Portage county Traveling library board with the Stevens Point public library, was read to the members of the board Monday at the court house.

The report showed that the consolidation of the two boards would greatly facilitate the work of both, and put at the disposal of every resident of the county the books now on the shelves of the Stevens Point public library. Under the terms of the consolidation, Portage county would pay the sum of $1,000 a year to meet the extra expense of taking care of the people outside of the city. The report showed that the cost of maintaining the county traveling library board as it should be maintained would be practically the same amount.

Other matters taken up by the board Monday were: statement on the burial of indigent soldiers read and referred to the committee on county officers; schedule of poor claims read and referred to committee on county poor; schedule of claims on illegal taxes read and referred to the committee on illegal assessments; bill of T. E. Cauley of which 75 per cent had been paid, read and referred to committee on claims.

FARMERS ORGANIZE TO WAR ON WOLVES

Hunting Parties go Out on Sunday from Junction and Milladore

Residents of Junction City and farmers living near Sherry put wolves to rout on Sunday and succeeded in bagging at least four of the animals. It is claimed that the wolves have been killing off many of the rabbits in the woods, while deer have been exterminated.

Hunters from Sherry and vicinity shot three wolves on Sunday, while a party of Junction men brought back one carcass as the result of a day's hunt. Dogs were used in pursuing the game.

A state law establishes a bounty of $10 for each pelt bgrought in, while each county decides its own additional fee. In Portage county a bounty of $10 is paid.

During the past week six men brought wolf pelts to the office of County Clerk A. E. Bourn and received reward money. The following each brought in a wolf: Warren Schenck, Pine Grove; Paul Bernhagen, Junction City; August Ferkey, Junction City; George Strand, New Hope; George Sparks, Pine Grove, and Henry Van Hoosier, Pine Grove.

RAPIDS PEOPLE LEAVE ON TRIP TO NORWAY

Mr. and Mrs. J. J. Knuteson and son of Wisconsin Rapids left last week for a several months' visit with relatives in different points in Norway.

POTATO PRICES DROP TO DOLLAR ON LOCAL MARKET

Lowest Figure of Season is Reached in Stevens Point Saturday

Portage county potatoes sold lower Saturday than at any previous time this season on the local market, $1 to $1.30 per hundredweight being paid to growers on the market square.

Local buyers are not confident as to the future of the market, confining their activities to following the Chicago market. Producers are not marketing any more spuds than are necessary to meet requirements for current expenses, although more potatoes were brought to Stevens Point last week than for some time before.

Dull Period Here

Observers of the market point out that the period just before Christmas is usually the dullest part of the potato season. The position of the market is considered strong so far as supply is concerned. More potatoes have reached central markets this year up to the present time than for at least three years back, and undoubtedly a considerable portion of the surplus has gone to ultimate consumers.

A new government estimate of the country's potato production is expected to be issued about December 9. This will be the final estimate and figures given out then will be used as a basis for calculations on future operations in potatoes during the remainder of the season. The estimate on November 1 showed a smaller crop than two years ago when prices reached extreme heights in the spring.

Large Fall Shipments

The large shipments which have featured the fall markets have come largely from Colorado, Nebraska, the Dakotas and Minnesota. Other western states have contributed their quota. Wisconsin shipments have been comparatively small, indicating that growers are largely holding the estimated two-third crop.

Wisconsin farmers are evidently in a position to take advantage of any improvement in the market price of potatoes and they anticipate an advance some time after the first of the year.

HENRY QUINN DEAD AT AMHERST HOME

Well Known Resident Passes Away Wednesday Night—Mrs. Swendson Hurt in Fall

Amherst, Wis., Nov. 28.—Henry Quinn, one of our well known substantial farmers of east Amherst, passed away at his home Wednesday evening after an illness that covered about three weeks. It was generally known for some time among his intimate acquaintances that his health was undermined and the end was not far off. He was confined to the home but a short time before he passed away and death was caused by heart failure.

Henry Quinn was born February 11, 1867, on the old homestead which has since been his home. His education was acquired in the district school, where he lived. At the age of 19 years his father died and Henry was given the charge of the farm which was operated for a number of years by himself and his widowed mother. July 2, 1893, he was married to Miss Carrie Bestul of Scandinavia, who survives him, together with seven children. One daughter, Bernice, died the 6th of August. The family consists of the wife and three sons and four daughters, Clay, Ruben, Harry, Stella, Gleora, Ella and Lorna, all at home. There are also three brothers of the deceased, Ole Quinn of Unalaska, Alaska Charles, whose whereabouts is unknown and T. B. Quinn of Duluth Minn. The funeral was held Monday afternoon from the Norwegian Lutheran church, where he held membership, with burial in Oak Grove cemetery, Rev. Thompson officiating.

The relatives from out of town who are here to attend the funeral are T. B. Quinn of Duluth, and A. B. Nelson and Mrs. Wilmina Nordahl, the latter two are brother and sister of Mrs. Quinn, and are from Merrill. Mr. Quinn will be sadly missed in his home by his family who has learned to depend so much upon his generous nature and his loving kindness. As a neighbor he was loved and respected by all, and the sympathy of the community is extended the bereaved family in their great loss.

POSTMASTER NASH WISCONSIN RAPIDS DIES AT HIS HOME

Prominent Resident of Down River City Succumbs to Illness at Age of 38—Funeral on Wednesday

Postmaster Robert L. Nash died at his home in Wisconsin Rapids early Monday morning following a short illness. His death was caused by a complication of diseases believed to have originated in a spinal injury about 11 years ago, but more directly to a serious ailment to his left eye. His brothers Lawrence, Charles and William were at his bedside at the time of his death. He was 38 years of age.

It is believed that the eye trouble caused a ruptured blood vessel in the brain. This produced a partial paralysis of the throat, causing convulsions and hiccoughs which brought about great pain and discomfort. He lapsed into periods of unconsciousness toward the end.

Mr. Nash, shortly after his graduation from the University of Wisconsin, became associated with his father in the Nash Hardware company. He became prominent in the Wisconsin Implement Dealers' association and served as its president for one year. In July 1913, Mr. Nash was appointed postmaster of Wisconsin Rapids and held the position until his death. He was secretary and treasurer of the Wisconsin Association of Postmasters. He was prominent in lodge affairs, being a member of the Elks order, Knights of Columbus and Catholic Order of Foresters, holding numerous offices in these bodies.

On June 17, 1914, Mr. Nash was united in marriage to Miss Nellie Kerwin of Portage, Wis. He leaves the widow and two children, his parents and five brothers.

The funeral was held from the SS. Peter and Paul's Catholic church at 10 o'clock this morning, Rev. William Reding officiating at high mass. Interment followed in Calvary cemetery, Wisconsin Rapids.

Say it with printer's ink.

THRIFT

Means Keeping Up—Not Catching Up

Ever notice how easy it is to run short of money? Ever stop to think what causes it? It's the double standard of personal finance. Money comes in according to your earning power and goes out according to your spending power. That's all wrong. Let your earning power decide the out-go as well as the in-come. Then you will be able to keep up, you won't have to catch up and you will be able to save.
